## Parent's Permission for Field Trips and Off-Campus Activities

I, \_\_\_\_\_, do hereby give permission for my child, \_\_\_\_\_, to participate in all school approved field trips and other approved off-campus activities for the school year. I further give permission for my above-named child to travel by school furnished transportation to and from the site of these trips and activities. In giving this permission, I vest full power in Keystone School and the sponsor(s) of the trips or activities to use their sole discretion in directing, disciplining, and controlling my child as is necessary in accordance with stated school policy. If emergency medical treatment of my child is required during the trip, I give permissions to the sponsors to exercise their own judgment in securing medical services.

I understand that the sponsor(s) in charge of the field trip or an off-campus activity may, at any time, terminate my child's participation in the trip or activity for violation of school regulations or rules for a trip or activity, and that disciplinary action may result in my child's suspension or dismissal from Keystone School.

In further giving my child permission to participate in all school approved field trips and other school approved off-campus activities, **I hereby relieve Keystone School and its representatives from any and all liability whatsoever that may arise from any accident, injury, or property loss occurring during the trip or activity. I further relieve Keystone School from any responsibility and/or liability for the acts of conduct of my child.**

I further understand that if a duly signed permission form is not on file in the office of Keystone School granting a child permission to participate in a school approved field trip and other school approved off-campus activities, the child will not be permitted to participate in a trip or off-campus activity without a written request to do so from me, including a written acceptance of all provisions contained in the above permission form relative to the role of the School, the conduct of the participants, and the relief of the school from certain responsibilities and liabilities.
